

DDSIG - Data Distribution Service PSIG

• Highlights from this meeting

- Reviewed various approaches to DDS Service-Based discovery. Presentations by ADLINK, eProsima, RTI, and OCI.
 - Significant overlap in the approaches
 - Agreed to draft a design document to see if it could be implemented without changing the existing specifications. In that case we would cancel the DDS Service-Based Discovery RFP
- Discussed extensions to DDS Interoperability tests

• Plans for next meeting

- Presentations common design of DDS Service Based discovery.
